

## **Cyber Bullying**

Cyber bullying,  
Frustrating, depressing,  
Hurts feelings, wrecks lives, creates fear,  
When will it ever end?  
You are the bully that ruins my day,  
I am the victim and that's not ok,  
You are the bully who texts things that aren't right,  
I am the victim and I will stand up with all my might.  
Do you bit - report anyone,  
Before sadness begins to hit,  
Do your bit – help anyone,  
Before nervousness begins to hit,  
Do your bit – block unknown numbers,  
Before the anxiety begins to hit.
